I just wanted to thank you for everything you did to arrange my visit to your very impressive project at Wadi Fukin last week.

I found my visit there extremely encouraging. You are delivering a real practical example of cooperation between Israelis and Palestinians, in the interest of both the environment and of wider peace. When there is so much sad news around, you are helping to bring hope to a region where it is too often lacking.

I know how much work went into arranging my visit. Please could you pass on my thanks to all those who worked so hard to make it possible.
