Strategic Planning Objective: Pollution Control
Facilitator: Dr. Iyad Rammal
Rapporteur: Mr. Malek Abualfailat

• The Main comments were focused on coordination, cooperation, and collaboration with the correspondence stakeholders, taking into consideration the changes of populations, financing, and long term planning.
Strategic Planning Objective *cont*:

• Integration with National Strategy of Solid Waste Management in Jordan

• Include PPPs involvement into the master plan.

• Time schedule for both implementation and planning.

• Revisiting the costs and results (identify some measurable indicators)

• Possible integration cross border projects.
